

**ALL ABOARD  
FLORIDA**

**Florida East Coast Industries**  
has deep roots in rail transportation  
dating back to the late 1800's with  
American pioneer, Henry Flagler.

Credited with the development of Florida's  
east coast, Mr. Flagler was the driving  
force behind connecting communities from  
Jacksonville to Miami via the Florida East  
Coast Railway System.

**FORTRESS**

- FECI has been a portfolio company since 2007
- ~\$62 billion of assets under management, as of end-2013
- Leading global investment management firm
- Significant commitment to Florida

**FLORIDA EAST COAST  
INDUSTRIES**

Parent company to leading Florida real estate, transportation and infrastructure businesses

- Integrated real estate and logistics company
- Most prolific industrial developer in Florida
- Portfolio of 1.5 MSF of Class-A industrial space; 2,000 acres of land with 24MSF of industrial entitlements

- First privately owned and operated intercity passenger rail system in the United States
- Will connect Miami and Orlando in just under 3 hours
- 4.5 MSF of transit-oriented development, including multimodal hub stations

- Right-of-way management and infrastructure development business
- Generates revenue from non-rail uses of underutilized rail and highway corridor (e.g., fiber optic cable leases, cell towers, land leases, etc.)

- Owns and operates Class-A office buildings and business parks across Florida
- Provides real estate services to third-party owners and related party joint ventures

## All Aboard Florida Overview

- First privately owned and operated express passenger rail system in the US, will create significant value from rail service and unparalleled modern transit hubs.
- +\$3.5 Billion Investment in Florida's Future

### Express Passenger Rail

- ✓ The intercity, express passenger rail will largely use the existing corridor connecting Miami to Orlando.

### Station Related Real Estate

- ✓ Unique and centrally located real estate development in the heart of Downtown Miami, Fort Lauderdale and West Palm Beach

Northeast Street View  
TWO MIAMI CENTRAL

An architectural rendering of the Two Miami Central building. The building is a modern, multi-story structure with a prominent glass facade and a white structural frame. It features a series of horizontal bands of glass and white panels. In the foreground, there is a lower-level structure with a glass-enclosed walkway or entrance area. The background shows other city buildings under a clear sky.

# TWO MIAMI CENTRAL

**Creativity. Connectivity to Talent. Sustainability.**

- ❖ 190,000 RSF Class A Office Space
- ❖ Plaza Level and Conference Center
- ❖ 300 car innovative, robotic valet parking garage
- ❖ High speed IT infrastructure with direct connection to NAP

TWO MIAMI  
CENTRAL
