| * Same-sex couple households are included in the family households category if there is at least one additional person related to the householder|
|   by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households.           |
|   "Nonfamily households" consist of people living alone and households which do not have any members related to the householder. Nonrelatives    |
|   include any household member not related to the householder by birth, marriage, or adoption. This includes unmarried partners.  Responses of   |
|   "same-sex spouse" were edited during processing to "unmarried partner."                                                                       |

Detail is not shown for the four-race and five-race combinations. Each Percent shown represents that combination's share of total tallies for the race indicated in the column header. See Race Profile 1 for Grand Total Tallies.
