The Partnership's 50-year Southeast Florida Prosperity Plan reflects a regional agreement around priority investments in key areas of importance to Southeast Florida's future. On Monday, January 6<sup>th</sup>, the Council will receive a presentation from the Seven50 team on major milestones and upcoming implementation activities. The following below details the completion of the Seven50 SE Florida Prosperity Plan and the fourth and final Seven50 Summit.

A) Seven50 SE Florida Prosperity Plan

The Seven50 SE Florida Prosperity Plan was officially released and is currently available for review. In the months leading up to the release of the Plan, the Seven50 Team was on tour throughout the seven counties of the region working with local planners, workgroups, state and local agencies and the public, addressing particular concerns and key areas of focus for each of the counties. The Plan aims at guiding critical regional investments and identifying essential projects, programs, and infrastructure to improve economic and environmental sustainability throughout the region.
