

MEMORANDUM

AGENDA ITEM #V.D

DATE: SEPTEMBER 9, 2013

TO: COUNCIL MEMBERS

FROM: STAFF

SUBJECT: EVALUATION AND APPRAISAL REPORT AND LOCAL GOVERNMENT
COMPREHENSIVE PLAN REQUIRED AMENDMENT STATUS REPORT

In the past, this Agenda Item has served as a status update of the Region's local governments' 1st, 2nd, and 3rd Round of Evaluation and Appraisal Report (EAR) Sufficiency, EAR-based amendments, and amendments that if not adopted within a specific timeframe could result in a penalty by the State Land Planning Agency. Penalties included limiting a local government's ability to amend its Comprehensive Plan and Future Land Use Map for failure to adopt EAR-based amendments within 18 months of EAR sufficiency, a new Public Educational Facilities Element, and an annual update to the Capital Improvements Element.

The Community Planning Act (CS/HB 7207 ER), signed by Governor Scott on June 2, 2011, consists of several changes to Florida's Growth Management Legislation regarding the requirements and processing of Evaluation and Appraisal Reports (EAR), and large-scale proposed and adopted plan amendments.

Local governments are no longer required to prepare and submit an EAR for sufficiency review. A local government *is* required to submit a notification letter to the State Land Planning Agency of its determination, whether or not, to update their Comprehensive Plan to incorporate new state requirements since its last EAR. If the local government determines that amendments are necessary, the EAR-based amendments are required to be adopted within one year of the evaluation notification letter.

Any local government failing to submit a notification letter or proposed amendments within one year may not amend its Comprehensive Plan until it complies with the requirements.

The most recent evaluation schedule is shown in attached Tables 1 and 2 (alphabetical, and by due date).
