

MEMORANDUM

AGENDA ITEM # V.C

DATE: APRIL 4, 2011

TO: COUNCIL MEMBERS

FROM: STAFF

SUBJECT: EVALUATION AND APPRAISAL REPORT AND LOCAL GOVERNMENT

COMPREHENSIVE PLAN REQUIRED AMENDMENT STATUS REPORT

Pursuant to Section 163.3191, Florida Statutes (F.S.), "each local government shall adopt an Evaluation and Appraisal Report (EAR) once every seven years assessing the progress in implementing the local government's comprehensive plan" to assist in keeping its Plan current. The EAR evaluates how a community has addressed major community land use planning issues and suggests how the Plan should be revised and updated. In addition, the EAR reviews legislative changes since the Comprehensive Plan (Plan) was adopted and determines how the Plan should be updated to reflect new legislation.

Table One provides the status of local governments' second round EARs, including the status of any proposed or adopted EAR-based amendments. When EARs are found to be sufficient, local governments have up to 18 months to adopt EAR-based amendments. If an EAR-based amendment is not adopted within 18 months of a sufficiency finding, local governments cannot adopt Plan amendments until the EAR-based amendments are adopted. When EARs are found not sufficient, a local government may amend its Plan for a period of one year from the date of insufficiency. After this time period, the local government is prohibited from amending its Plan until such time as the EAR has been found sufficient. When a local government fails to adopt an EAR, they are prohibited from amending its Plan.

Table Two provides the due dates and status of local governments' third round EARs. The Department of Community Affairs (DCA) kicked off the third round EAR cycle in 2009 and 2010 by hosting EAR workshops around the state. The SFRPC co-hosted a regional EAR workshop on July 15, 2009 with DCA. Staff is currently attending local EAR Scoping Meetings and reviewing proposed and adopted third round EARs in the region.

Table Three lists the local governments whose required amendments, as of this date, are overdue for one or more reasons or whose amendments are under review at this time. The Florida Legislature has authorized the imposition of penalties by DCA if local governments did not adopt certain amendments or EAR-based requirements on time. The penalties are authorized for: first, second, and third round EARs; first and second round EAR-based amendments; Public Education Facilities Element amendments; alternative water supply planning amendments; and annual updates to the Capital Improvements Element.

Recommendation

Information only.

Table One Second Round EAR Sufficiency and EAR-Based Amendment Status (as of March 18, 2011)
