Memorial Hospital, Pembroke, 8.33 miles	301

See attached correspondence from the North Broward Hospital District.

Atlantic Ocean

HOSPITALS

1. Cleveland Clinic Hospital, Weston - .53 miles away
2. Memorial Hospital, Pembroke - 8.33 miles away

# Weston Regional HealthPark

**NORTH BROWARD HOSPITAL DISTRICT**

## SUMMARY OF SERVICES

A few short years ago, we asked the residents of Weston tell us about their healthcare needs and wishes. Out of these conversations, the Weston Regional HealthPark was born. Our list of services show that we know how to listen to our neighbors.

We offer a depth of service and convenience that reflects the character and needs of this growing community, including:

Ambulatory Surgery Center

Urgent Care services with extended evening and weekend hours

Comprehensive Diagnostic Imaging Services, including CT, MRI and PET Scan

Women's Center

Sleep Disorders Center

Rehabilitation services

Sports Medicine

Pain Management

Laboratory services

Physician office suites

### Ambulatory Surgery Center

New surgical techniques have made ambulatory surgery the most predominant form of surgery in our country. Our surgery center features four fully equipped, state-of-the-art operating suites and two technologically advanced endoscopy suites. All are staffed by a highly skilled surgical team, specially trained in surgical and recovery care.

### Walk-in Urgent Care Center

Our pediatric and adult Urgent Care provides fast, convenient care for minor injuries and illnesses. It eliminates the need for lengthy emergency room waits for non-life threatening problems, such as minor injuries, cuts, rashes, earaches, sprains, burns and other aches and pains. An emergency physician is available for after hours and on weekends with no appointment necessary.

### Women's Center

Our Women's Center was designed by women for women. We offer mammography, ultrasound and bone density equipment in a setting which accommodates a woman's specific needs.

### Sleep Disorders Center

More than 100 million Americans of all ages regularly fail to get a good night's sleep. Some 84 disorders of sleeping and waking lead to sleep-related problems. These can include difficulties falling or staying asleep, inability to maintain a consistent sleep/wake cycle, snoring and daytime sleepiness. The Sleep Disorders Center at Weston Regional HealthPark is fully equipped for the diagnosis and treatment of a full spectrum of sleep disorders. Sleep studies are conducted in an environment designed to make the patient feel right at home, with private rooms complete with a comfortable bed, bath and a shower.

### Physical Therapy/Rehabilitation/Sports Medicine

Same day appointments, flexible evening hours, all in a state-of-the-art facility with the latest in diagnostic and rehabilitative equipment. All this provided in a warm personal outpatient setting.

### Comprehensive Imaging Services

Weston Regional HealthPark offers the latest imaging equipment and has the most state-of-the-art technology including X-ray services, CT scanning, magnetic resonance imaging (MRI) and PET scans.

Weston Regional HealthPark is a facility of the North Broward Hospital District. The District, providing service since 1938, is a non-profit community health system offering a full spectrum of healthcare services. The District encompasses more than 35 healthcare facilities, including four hospitals: Broward General Medical Center, North Broward Medical Center, Imperial Point Medical Center and Coral Springs Medical Center.

For more information about our services, please call 954-217-5000.
