Development of Regional Impact- Preapplication
Main Street at Coconut Creek DRI
Broward County

Dear Ms. Kerr:

Our office received and reviewed the above referenced project in accordance with this agency's responsibilities under Section 380.06, *Florida Statutes*. The State Historic Preservation Officer is to advise in the identification of historic properties (listed or eligible for listing in the *National Register of Historic Places* (NRHP), or otherwise of historical or architectural significance), assess effects upon them, and consider alternatives to avoid or minimize adverse effects.

Based on the information provided and review of our records, it is the opinion of this agency that the proposed change is unlikely to affect cultural resources. It is no longer necessary for further communication with this agency unless there are any significant changes in the project area.

For any questions concerning our comments, please contact Michael Hart, Historic Site Specialist, by electronic mail mrhart@dos.state.fl.us, or by phone at 850-245-6333. We appreciate your continued interest in protecting Florida's historic properties.

Sincerely,

Frederick P. Gaske, Director, and
State Historic Preservation Officer
