

### 13. WETLANDS

#### A. If there are wetlands on the site, discuss and specify the following:

1. **Acreage and percentage of property which is currently wetlands. These wetlands should be shown on Map F, Vegetation Associations, and identified by individual reference numbers. (These numbers should be utilized in responding to the other sub-questions.)**

There are no wetlands on the Project Site. The National Wetland Inventory map of the project vicinity is shown in **Map 13-1**. This question is not applicable to this application.

2. **Historic hydroperiods and seasonal water elevations of on-site wetlands.**

No wetlands exist on the Project Site. Therefore, this question is not applicable.

3. **Acreage and location of wetlands which are to be preserved in their natural or existing state, including proposed hydro periods, seasonal water elevations and methods for preservation.**

No wetlands exist on the Project Site. Therefore, this question is not applicable.

4. **Acreage and location of wetlands which are to be enhanced in their natural or existing state, including proposed hydroperiods, seasonal water elevations and methods of enhancement.**

No wetlands exist on the Project Site. Therefore, this question is not applicable.

5. **Actions taken to minimize or mitigate impacts on wetland areas, including maintaining the hydro period and providing buffers.**

No wetlands exist on the Project Site. Therefore, this question is not applicable.

6. **Acreage and location of wetlands which will be disturbed or altered, including a discussion of the specific alterations and disturbances.**

No wetlands exist on the Project Site. Therefore, this question is not applicable.

7. **Precautions to be taken during construction to protect wetland areas.**

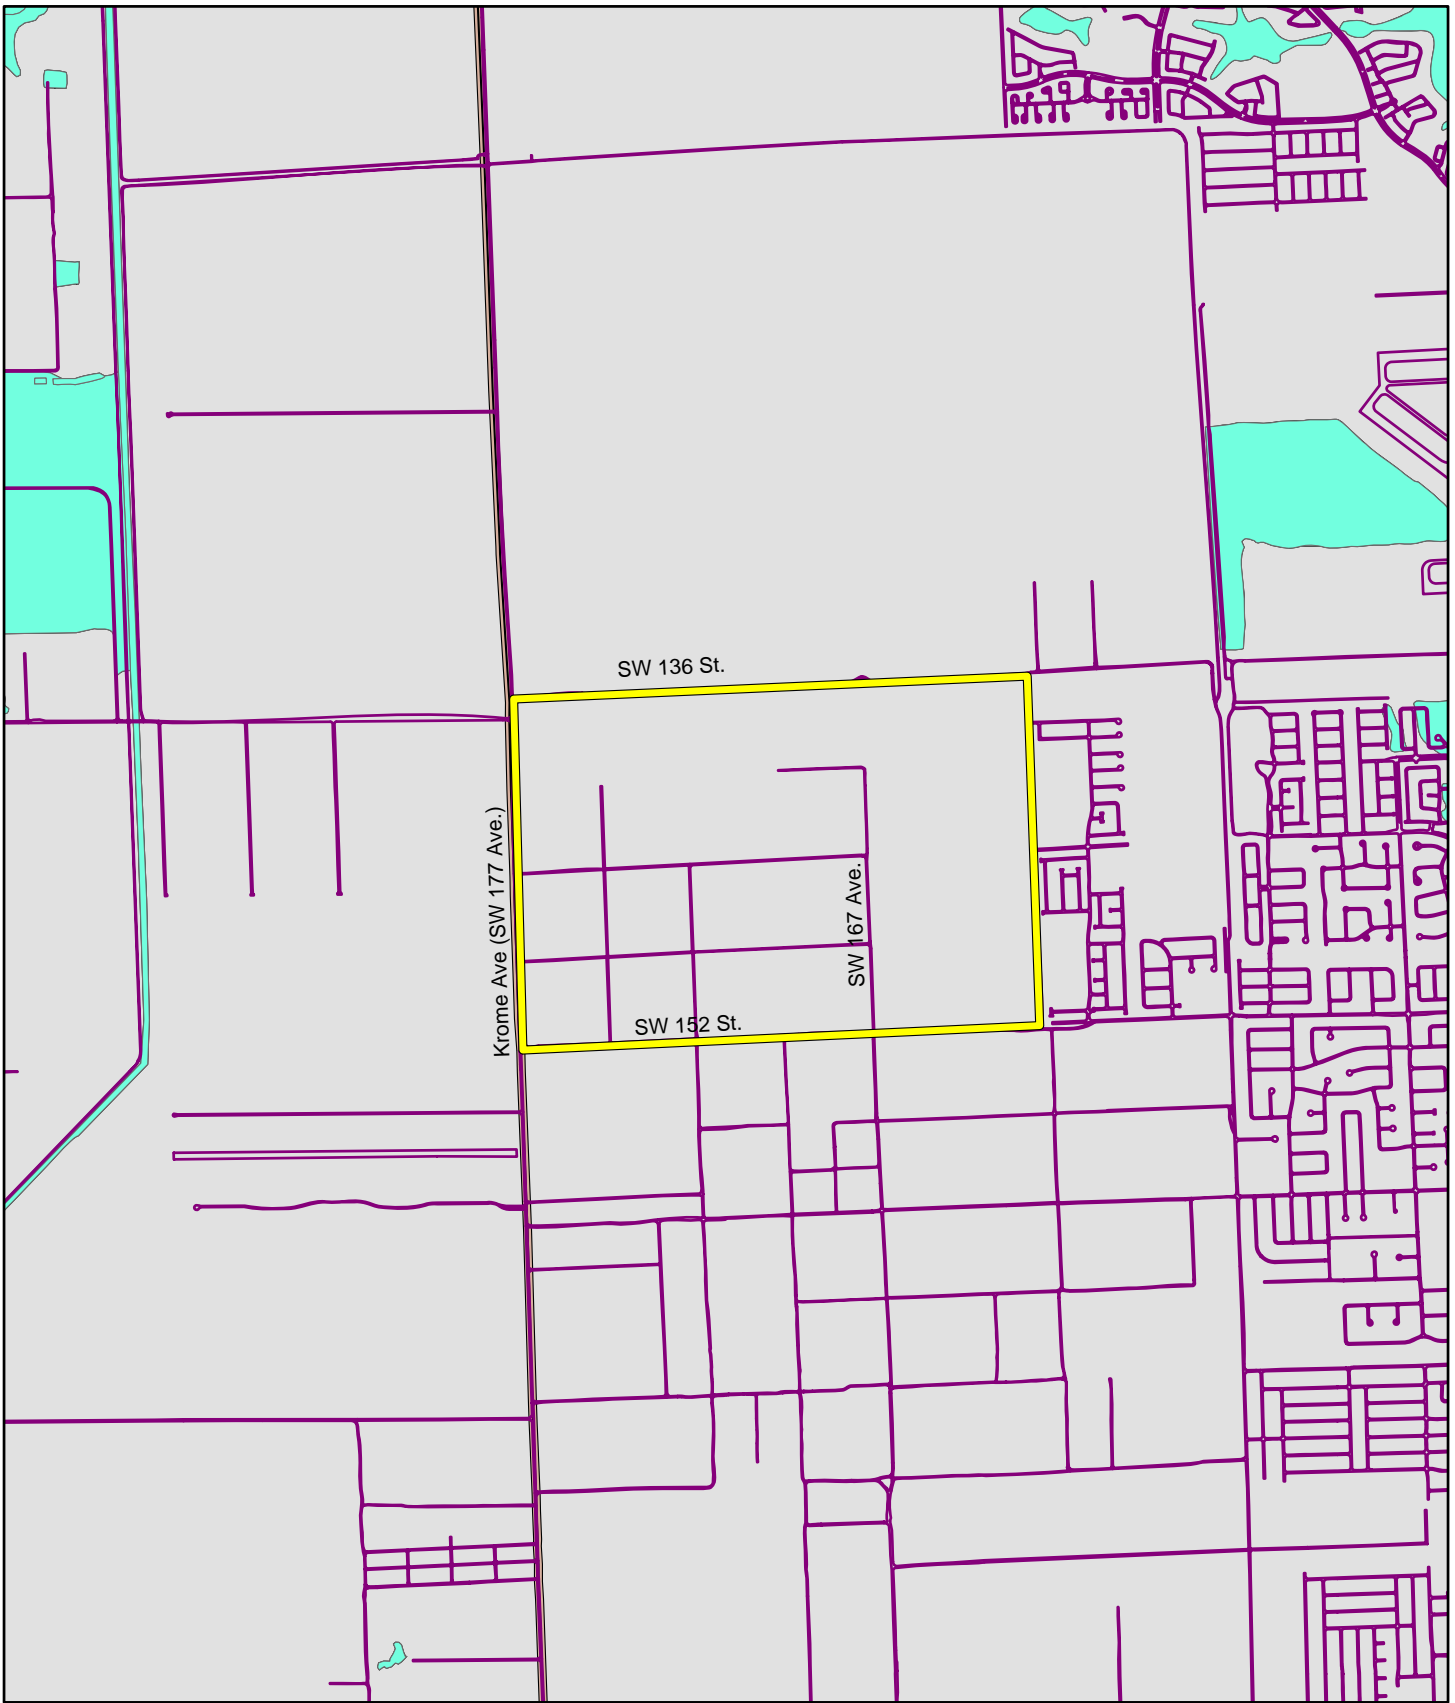

Standard erosion and turbidity controls will be installed prior to and during construction to comply with NPDES guidelines.

**8. If available, provide jurisdictional determinations.**

No wetlands exist on the Project Site. Therefore, this question is not applicable.

**B. Provide any proposed plans (conceptual or specific) for created or enhanced wetland areas, including littoral lake slopes, buffers, vegetative species to be planted, etc.**

There are no wetlands on the Project Site and none are proposed to be created.
