81	Other services (except public administration)	2,553	18,368	358,592	2,116,621

Note: NAICS INDUSTRIES is defined as the taxable portion of the Services sectors, the Type of Operation Totals for the Wholesale sector, and all other sectors in the Economic Census. Excludes data for auxiliaries. Data in this table are subject to employment-and/or sales-size minimums that vary by geographic level. All survey and census results contain measurement error and may contain sampling error. Information about these potential errors is provided or referenced with the data or the source of the data. The Census Bureau recommends that data users incorporate this information into their analyses as these errors could impact inferences. Researchers analyzing data to create their own estimates are responsible for the validity of those estimates and should not cite the Census Bureau as the source of the estimates but only as the source of the core data. We have modified some data to protect individuals' privacy, but in a way that preserves the usefulness of the data.
