

MEMORANDUM

AGENDA ITEM #8e

DATE: MARCH 3, 2008

TO: COUNCIL MEMBERS

FROM: STAFF

SUBJECT: EVALUATION AND APPRAISAL REPORT STATUS

Pursuant to Section 163.3191, Florida Statutes (F.S.), "each local government shall adopt an Evaluation and Appraisal Report (EAR) once every seven years assessing the progress in implementing the local government's comprehensive plan" to assist in keeping its plan current. The EAR evaluates how a community has addressed major community land use planning issues and suggests how the plan should be revised and updated. In addition, the EAR reviews legislative changes since the comprehensive plan was adopted and determines how the plan should be updated to reflect new legislation.

When EARs are found to be sufficient, local governments have up to 18 months to adopt EAR-based amendments. If an EAR-based amendment is not adopted within 18 months of the EAR being found sufficient, local governments cannot adopt comprehensive plan amendments until the EAR-based amendments are adopted. Table One provides the status of local governments with EARs that have been found sufficient, including the date when the EAR was found sufficient, the date by when EAR-based amendments must be adopted, and the status of any proposed or adopted EAR-based amendments.

When EARs are found not sufficient, a local government may amend its comprehensive plan for a period of one year from the date the EAR was found to be not sufficient. After this time period, the local government is prohibited from amending its comprehensive plan until such time as the EAR has been found sufficient. Council staff is contacting all local governments in the region whose EARs have not been adopted or have been found not sufficient, to offer technical assistance in resolving outstanding EAR issues. Table Two provides the status for local governments that have not adopted EARs or have received a finding of not sufficient for their EAR. Included in the table is a brief summary of technical assistance efforts provided to the local government.

Table Three lists the local governments that, as of this date, are not permitted to adopt comprehensive plan amendments for one or more reasons. These reasons may include not sufficiently addressing current issues; not adopting current EAR-based comprehensive plan amendments, previous EAR-based amendments (from the first round of EARs seven years ago), or school siting amendments. Local governments whose current EARs are found sufficient will not be permitted to adopt comprehensive plan amendments if those local governments have not addressed a previous EAR requirement.

Recommendation

Information only.

**Table One
EAR Sufficiency and EAR-Based Amendment Status**

Local Government	EAR Due Date	EAR Sufficiency Finding and Date	EAR Based Amendment Due	EAR Based Amendment Status
Aventura	12/1/05	1/15/06	7/15/07	adopted 1/10/07; in compliance 3/16/07
Broward County	3/1/04	7/26/04	11/8/06 *	adopted 12/12/06; in compliance 1/30/07
