Issue	Who Responsible	Is this Feasible	Existing Programs	Signs of Progress
Create a clearinghouse for information on all subject areas	§ Neighborhood Services § Community Outreach		§ Already done	§ Level of Activity by residents
Provide access to information for the people who need it	§ Community Outreach	§ Yes	§ Team of coordinators are responsible	
Publicize services available	§ Community Outreach	§ Yes	§ Website § Newsletters § Community MTO's	
Include the East portion of Washington Avenue in the corridor (600 block)	§ Economic Development Department			
Constant review of where the city is going who are its visitors and new residents and carefully planned responses to changing times	§ Economic Development Department § Tourism			
Design review is unfair; they go after certain people but let others slide, same with building code	§ Planning Department	§ Yes		
Revitalization is stifled because nobody will buy if they can't build anything because of design review	§ Economic Development Department § Planning Department § Building Department			
The 5 th Street Corridor should not be viewed as a "corridor" only				
Being sensitive to population needs/assist in integrating new residents into the community	§ Community Outreach
