VISION STATEMENT WORKSHEET

Development of Vision Statement

The Vision Statement is a statement that states the **MIND/HEART/SPIRIT** of the Stakeholders in the area of study. It is a statement that will identify what you want to improve, maintain and enhance. It is a guideline that will be used to set the Goals and Objectives of your city Planners, Department Heads, etc. It is a benchmark to be used by elected officials as they make their decisions.

Remember to use your heart; be optimistic and idealistic, but realistic. Give a strong image of what you would like the future to look like in the City of Homestead.

IT IS 20 YEARS FROM NOW, THE AREA IS FUNCTIONING PERFECTLY FOR ALL INTEREST GROUPS, JUST AS YOU HAD HOPED.
