SOUTH FLORIDA LOCAL EMERGENCY PLANNING COMMITTEE

MEETING MINUTES - Draft

WEDNESDAY, FEBRUARY 10, 2016 @ 10:00 AM

South Florida Regional Planning Council

3440 Hollywood Blvd, Suite 140

Hollywood, FL 33021

www.sfrpc.com/lepc.htm

1. Welcome and Opening Remarks

Chair Gary Koen welcomed the members at 10:04 am.

2. Introductions

In attendance were Junieth Arana, Keith Carson, Bob Christensen, Dave Dungan, Miguel Hidalgo, Jaimie Johnson, Chair Gary Koen, Eduardo Koenig, Craig Marston, Bret Maxwell, Vice Chair Ray McDonald, Greg Namoff, Axel Rodriguez, Maria Salgado, SERC TTF Rep Steve Shaw, Gregory Thompson, Alvaro Tonanez, Irene Toner and SoFlaLEPC Coordinator Manny Cela. Also present were Mathew Currie, Rolando Otero, Toni Wagner, Alfred Reid, Willie Bouie, Haddy Rojas and Lottie Brown. Excused were Niel Batista, Planning Sub Chair Eric Borbe, Troy Johnson and Howard Vollovick.

3. Previous Meeting Summary

Greg Thompson moved the minutes from the previous meeting, which were seconded by Greg Namoff and approved unanimously.

4. Subcommittee Reports

Training Subcommittee (Manny Cela)

Coordinator Manny Cela reported that eight representatives from hazmat teams in South Florida were sponsored to attend the HazMat Training Symposium in Daytona Beach in January. Included in that group were members from the Fort Lauderdale Fire Rescue HazMat Team, enrolled in the hazmat competition for the second year. The Hollywood Fire Rescue HazMat Team, which was also scheduled to compete, was unable to secure travel permission from their Command. Although individual members from the Miami-Dade Fire Rescue HazMat Team did attend, they were also unable to secure authorization to compete as a team. On hand at the meeting were Chief Steve Shaw/Ft. Lauderdale FR and Lt. Alvaro Tonanez/MDFR, who briefed the members on their experiences at the Symposium. Both were highly complementary.

Coordinator Manny Cela briefed the members on upcoming training, including two OSHA HAZWOPER Refresher classes scheduled for the Broward EOC on March 17 and 18. These classes are targeted primarily for Broward County EP&GM personnel. There have also been conversations with the Broward HazMat teams regarding the same Chlorine Training that was offered last year in Miami-Dade.

Mr. Cela reminded the members that there would be two sessions that same afternoon of E-Plan How-to-Comply Training being presented by FDEM personnel. This training was targeted primarily at Section 302 Facilities in the District.

Planning Subcommittee (Eric Borbe, Chair)

The Planning Subcommittee suspended activities this year in support of Exercise Planning.

Exercise Subcommittee (Manny Cela)

The first Exercise Planning Meeting was held on November 18, 2015. Mr. Cela reminded the members that there would be a second Exercise Subcommittee Meeting immediately following this meeting.

5. Membership Changes (Manny Cela)

There were no membership changes scheduled for this meeting.

6. HazMat Emergency Response Plan Update (Miguel Ascarrunz, Chair)

The 2016 HazMat Plan update process is underway. Chair Ascarrunz will soon contact our partner agencies soliciting their assistance in updating their respective portions of the Plan. All edits need to be provided no later than mid-May in order to bring the updated Plan to the May 25 meeting for approval by the Committee.

7. SERC Thomas Yatabe Award and Certificates of Appreciation

Chair Koen asked Chief Steve Shaw to come up to be congratulated as this year's recipient of the Thomas Yatabe Award. Also congratulated were Capt. Tony Trim and Lt. Al Tonanez, both from MDFR, as the SERC Certificates of Appreciation winners. Lt. Tonanez was on hand for the congratulations.

8. SoFlaLEPC Coordinator Report (Manny Cela)

Coordinator Manny Cela reported that there would be an Exercise Subcommittee meeting immediately following this meeting. Also, two sessions of the FDEM E-Plan How-to-Comply training were scheduled this same afternoon in the Conference Room. A copy of the reported hazmat incidents in the District from December 2015 to February 2016 was included with the agenda. Mr. Cela provided the members with information of upcoming USCG activities in the region.

Mr. Cela briefed the members on Operation HeatShield, the regional fullscale exercise held February 6 over eight venues in Miami-Dade. Although not an LEPC-sponsored event, Mr. Cela served as Planning Coordinator for the event.

There was a discussion regarding any interest on the part of the members in purchasing SoFlaLEPC Logo polo shirts. Mr. Cela indicated he would make some inquiries and report back to the Committee.

9. Members Comments and Presentations

Toni Wagner, with the Department of Labor OSHA, presented a report on the April 1, 2015 Viesel Fuel Facility biodiesel fire. Matt Currie, with DHS and CFATS, was also on hand and briefed the members on this program.

10. Upcoming Meetings

The next meeting of the South Florida LEPC will take place May 25, 2016 in Hollywood.

11. Adjourn

The meeting was adjourned at 10:50 am.

LNG Fueled Vehicle Emergencies For the First Responder

Basic Course Outline

Summary

Should your first responders approach the scene? If you don't know what is burning, then you will not know what actions to take. If you do know what is burning, but do not have the resources and capabilities to safely handle the situation, what should your actions be. If you know what is burning, and do have the resources and capabilities on hand, should you approach the scene if the tanks have been burning for some time?

First responders must survey the scene of any emergency to determine if the scene is safe to approach. This decision is particularly important for the Incident Commander. If you are the officer in charge of the first unit on the scene, then you are the Incident Commander until relieved by a senior officer.

So everyone must be aware of the hazards and what risks those hazards present. Regardless of what is burning you must have the knowledge of what it is and what it can do in order to operate safely.

LNG is not new. It has been used around the world for many years but most first responders have not had any reason to be anywhere near it in the past. That has now changed as many vehicles will be fueled with this super cold product and it may also be transported on our roads and rails.

Knowledge is the key to safety. This class is designed to introduce the first responder to LNG and give some guidance in safely operating at emergencies involving LNG.

Instructor

The class is conducted by Tom Guldner who, as the President of Marine Firefighting Inc., has been training mariners and first responders about LNG for over 15-years. His 30+ years of experience in structural and marine fires and emergencies has allowed him to create hours of training programs dealing with marine fires and LNG. Mr. Guldner is a retired Lieutenant of the New York City Fire Department's Marine Division and is a Principal Member of the NFPA Technical Committee on Merchant Vessels. His company, Marine Firefighting Inc., is involved in consulting and training mariners and land based firefighters in all aspects of marine firefighting. Their classes are both informative and entertaining.

THE SUNSHINE LAW (AN OVERVIEW)

Article I, Section 24 (Florida Constitution)
Section 286.011, Florida Statutes

The Florida Constitution

Article I, Section 24

All meetings of any collegial public body of the executive branch of state government or of any collegial public body of a **county, municipality, school district, or special district**, at which **official acts** are to be taken or at which **public business** of such body is to be transacted or discussed, **shall be open and noticed** to the public and meetings of the legislature shall be open and noticed...

Government-in-the-Sunshine

Chapter 286.011(1), Florida Statutes

All meetings of any board or commission of any state agency or authority or of any agency or authority of any county, municipal corporation, or political subdivision, except as otherwise provided in the constitution, at which official acts are to be taken are declared to be public meetings open to the public at all times.

Requirement of Ch. 286.011(1), F.S.

- (1) Meetings of public boards or commissions must be open to the public;
- (2) Reasonable notice of such meetings must be given; and
- (3) Minutes of the meetings must be taken.

Purpose

The purpose of the Sunshine Law is to ensure that decisions by public bodies are made in an open forum accessible to members of the public. Myers v. News-Press Publishing Company, Inc., 514 So.2d 408 (Fla. 2nd DCA 1987).

“Decisions” are official action which may include, but are not limited to:

- * Recommendations
- * Discussions
- * Deliberations

Who is Subject to the Sunshine Law?

- ▣ Any board or commission of any state agency or authority or of any agency or authority of any county, municipal corporation or political subdivision. (i.e. collegial bodies)
- ▣ Applies equally to elected or appointed boards or commissions.
- ▣ **Advisory Boards.** See Town of Palm Beach v. Gradison, 296 So.2d 473 (Fla. 1974); Wood v. Marston, 442 So.2d 934 (Fla. 1983); and Lyon v. Lake County, 765 So.2d 785 (Fla. 5th DCA 2000).

Who Is Not Subject to the Sunshine Law?

- ▣ The Judiciary and the Legislature. See Locke v. Hawkes, 595 So.2d 32 (Fla. 1992) and AGO 83-97 (1983).
- ▣ Fact-finding Committees (strictly for the purpose of information gathering and reporting). See Cape Publications, Inc. v. City of Palm Bay, 473 So.2d 222 (Fla. 5th DCA 1985).
- ▣ Private Organizations

What is a “Meeting” Subject to the Sunshine Law

- ▣ Any gathering, formal or informal, of two or more members of the same collegial body to discuss some matter on which it is foreseeable that action will be taken by the body at some future point. See Hough v. Stembridge, 278 So.2d 288 (Fla. 3rd DCA 1973).
- ▣ Discussions and deliberations, as well as formal action taken by a collegial body. (Interactive communication)
- ▣ No requirement that a quorum be present

Written Correspondence and Email

- ▣ One-way communication is okay (i.e. A member of a collegial body may send written or electronic correspondence to his/her fellow board members pertaining to an item that they may consider at a future date, however the other members may not offer a response). See AGO 07-35 (2007)
- ▣ Interaction among board members = violation
- ▣ DO NOT USE “REPLY ALL”

Use of Nonmembers as Liaisons between Board Members

- ▣ Third parties who are not members of a collegial body may not be used to exchange information between members of the body if such an exchange would otherwise be subject to the Sunshine Law.

Exceptions to the Sunshine Law

- ▣ Attorney-Client Discussions (Shade Session) – Section 286.011(8), F.S.
 - Strict procedural guidelines
 - Discussion must be limited to settlement negotiations or strategy discussions related to pending litigation expenses
 - Transcript of Shade Session must be taken by a court reporter and the transcript becomes a public record upon the final conclusion of the pending litigation
 - **NO FINAL DECISIONS ON LITIGATION MATTERS MAY BE MADE AT A SHADE SESSION**

Other Exceptions

- ▣ Executive Sessions related to Labor Negotiations (Collective Bargaining) – Section 447.605, F.S.
- ▣ Procurement Selection/Evaluation Committees (negotiations & presentations) – Section 286.0113, F.S.

Candidates and Members-Elect

- ▣ Members-elect of boards or commissions are subject to the Sunshine Law. See Hough v. Stembridge, 278 So.2d 288, 289 (Fla. 3rd DCA 1973).
- ▣ The Sunshine Law does not apply to candidates unless the candidate is an incumbent seeking reelection. See AGO 92-05 (1992).

Violations of the Sunshine Law

- ▣ Any member of a collegial body who violates the Sunshine Law is guilty of a noncriminal infraction, punishable by fine not exceeding \$500. Section 286.011(3)(a), F.S
- ▣ Any member of a collegial body who knowingly violates the Sunshine Law is guilty of a misdemeanor of the second degree. Section 286.011(3)(b), F.S.
- ▣ Criminal penalties apply to members of advisory boards as well as members of elected or appointed boards. AGO 01-85 (2001)

ADDITIONAL NON-CRIMINAL PENALTIES

▣ Suspension or Removal from Office. The governor may:

1) Suspend any public official who has been charged with a misdemeanor arising out of his or her official duties; and

2) Remove any public official who is convicted of a misdemeanor arising out of his or her official duties.

The W.D. Childers Incident (2003)
